Adam.	F	18-25	Daytrip	Marr.	Y	51-75	If resorts are shut down at any point in the season I want a refund. Health officials that the media “listen to” are not telling the whole story. Snowboarding with a warmth mask on the open mountain (OUTSIDE) is safe. If you are too afraid to snowboard/ski then stay home. For the employees... if you are worried about your health then wear a mask, face shield, gloves. Health official “say” that will protect you.
Adam.	F	18-25	Daytrip	Sing.	N	76-100	It’s really hard to plan for a future as unknowable as this one, and I really don’t know how skiing fits into this future
Adam.	F	25-34	Daytrip	Marr.	N	126-150	It’s a bummer the resorts can’t just do what they want so we can actually get out there
Adam.	F	25-34	Daytrip	Marr.	N	126-150	Please stay open! This virus and this election has already taken so much from us. Don’t let it take away all the joys of skiing!
Adam.	M	25-34	Local	Ref	R	Ref	You need to get some perspective and let people live their lives. Have some courage and just open the ski resort like normal.
Adam.	F	35-44	Daytrip	Sing.	Y	31-50	I think it's a mistake to open the ski resorts this season. I honestly believe and my heart through prayer that this is not over.
Adam.	F	35-44	2nd Home	Marr.	Y	51-75	I would love to use my pass this season, but if I only can use it a couple times this year it makes me want to wait to use it next season when hopefully I can go a lot. I wish there was a reduction in cost if I only use my pass a limited time this season.
Adam.	F	35-44	Weekend	Marr.	Y	150K+	Would like money back for pass since it won’t be utilized as expected
Adam.	F	45-54	Daytrip	Sing.	Y	76-100	Our family is hoping to have skiing provide some normalcy to this crazy world we are living in this year! Looking forward to time on the mountain!
Arap.	M	18-25	Daytrip	Sing.	N	31-50	I don’t think whatever rules are in place will change the fact there with be a massive surge in fear and possible COVID cases come flu season.
Arap.	F	18-25	2nd Home	Sing.	N	150K+	I would love the chance to ski, and if I’m told it’s safe to go, I’ll go!
Arap.	M	25-34	Daytrip	Sing.	N	126-150	I want a pass, but I am not going to pay \$500 to not be able to ski when I want, that’s stupid AF. Good luck with that wack BS...

Arap.	M	25-34	Daytrip	Sing.	N	150K+	Reservation system is dumb. People will make reservations and never show essentially making people who want to ski not able to. Why pay for a pass if I cannot get on the mountain when I want to? I hope the ski resorts go broke and out of business so we can finally have some sense in the people running them
Arap.	F	35-44	Daytrip	Marr.	N	150K+	I hope we're able to get the virus under control at some point so the resorts don't suffer. Really hope they can stay open and afloat. We plan to do everything we can to support and also stay safe.
Arap.	M	35-44	Daytrip	Sing.	N	76-100	The danger of coronavirus is overhyped. I would prefer that any restrictions be voluntary. I will actively seek the least restrictive businesses.
Arap.	M	45-54	Daytrip	Marr.	Y	101-125	Hoping Vail Resorts will refund our money. Them cheap asses
Arap.	M	45-54	Daytrip	Marr.	Y	150K+	Increasing cases and no state wide mask mandate
Arap.	F	55-64	Daytrip	Sing.	N	101-125	It could be the best season ever because no one is up there; or it could be the worst season ever if everyone else is trying to ski on my Wednesday's
Arap.	M	55-64	Daytrip	Marr.	N	150K+	Just like the theaters, I can't really purchase a season pass if the resorts are going to have the risk of being shut down.
Arap.	M	55-64	Weekend	Marr.	N	150K+	Pray for an end to COVID and of course PRAY FOR SNOW!
Arap.	F	55-64	Daytrip	Ref	N	51-75	We should have gotten a refund. We didn't except for a tiny bit of credit. F&*k Vail and it's disgusting out of control greed. Never again.
Arch.	M	18-25	Local	Marr.	N	31-50	The Colorado Ski Industry supports many people and communities. To have the ski areas shut down this year would truly cripple many people. Skiing this year seems to me to be one of the safer activities you can do. If you can get on a airplane you should be able to ride a ski lift.
Arch.	M	25-34	Local	Sing.	N	30K	Institutions need to be held to the same standard across the board. To suggest that ski resorts as low-key as Wolf Creek spread the virus any worse than restaurants, airports, shopping centers, or schools, is simply foolish. It would also be foolish to include Wolf Creek in closures set for massive resorts such as those on the Epic pass.
Bould.	F	18-25	Local	Sing.	N	76-100	I hope this works

Bould.	D	18-25	Local	Ref	N	150K+	Should shut done all dining options, and reduce visitors to less then 10% to keep us safe plus cut prices
Bould.	M	18-25	Local	Sing.	N	30K	Ski resorts, regardless of economic value, should prioritize their locals. Without their locals, ski resorts will fall apart. Yes, resorts run off tourists summer and winter, but locals lay the framework year-round. Keep their voice heard in decision making meetings.
Bould.	F	35-44	2nd Home	Marr.	Y	150K+	The indoor dining is most concerning to me
Bould.	F	35-44	2nd Home	Marr.	N	Ref	We’ve leaned a lot since March, if state officials can’t figure out how an outdoor industry can stay open they should loose their jobs.
Bould.	F	45-54	Weekend	Marr.	N	126-150	Unfortunately I believe ski areas are more motivated by money than by protecting customers’ and local communities’ safety during a pandemic.
Bould.	M	55-64	Weekend	Marr.	N	150K+	it makes me so sad that the ineptitude of one orange-haired individual has destroyed our ski season. It didn't have to be this way...
Bould.	F	55-64	Daytrip	Marr.	N	150K+	The best ski days which are the powder days seem to be few and far between and heavily crowded over the last few seasons. There are too many front range skiers crowding up I 70 and the ski resorts!
Bould.	M	55-64	Daytrip	Marr.	Y	150K+	Too many unknowns for such a heavy up front cost and know with tight restrictions it’s going to be ugly at the resorts when one arrives. I would only entertain going this year if the industry reduced costing some we are at reduced experiences

Broom.	F	25-34	Daytrip	Marr.	N	51-75	<p>I am really hoping to be able to ski this season. I have been unable to go on any out of state vacations due to COVID. But as a life long resident of CO I don't think there is any reason not to allow people to enjoy being outside in CO. I am happy to wear a ski mask and usually make an effort to stay with my own family on the mountain so distancing is nothing new. I will be pretty bummed if the ski season is affected again this year. If there is a concern about flooding small mountain hospitals, those hospitals could simply partner with metro area hospitals to divert COVID cases to the metro area and keep the broken bone cases in the high country. I don't know much about COVID but after many more months of experience with this illness I hope that the government will not result to the blunt measures that may have been necessary when we did not know as much.</p> <p>Ultimately allowing, nay encouraging, people to get outside, get active, and be healthy should be at the fore of the conversation. I understand the desire for a vaccine and it seems as though one is coming, but in the meantime people should be allowed and empowered to take their health into their own hands by making healthy choices for themselves. I have been shut out of the gym, turned away from hiking trails, and unable to ski. Rather I have been stuck inside with nothing to do but eat and work. This results in an increasingly unhealthy populous less likely to be able to survive COVID than before. America needs to put greater emphasis on preventative health care and empowering people to make healthy choices. Getting active with an outdoor activity like skiing is just one of many ways that I and many others can keep ourselves healthy in the midst of illness. Thank you for your consideration.</p>
Broom.	F	25-34	Local	Sing.	N	76-100	<p>Let people decide what they need to do to be safe. Example: Heart disease is still the leading cause of death in America, yet no one is telling people to tear down all of the McDonald's!!! Why should we be regulated so heavily when skiing is an outdoor activity!!</p>

Chaff.	M	18-25	Local	Sing.	Y	Ref	They should allow the resorts to stay opened all season. All this shit is stupid.
Chaff.	F	25-34	Daytrip	Marr.	Y	76-100	That I cannot participate in activities I do every year because the ski areas around me would rather people buy season passes under the guise that they will be open during the pandemic, than by setting rules to guests that cannot afford to pay the ridiculous season pass costs.
Chaff.	M	35-44	Daytrip	Marr.	Y	51-75	I wish everyone the best of health and the best of luck!
Chaff.	M	35-44	Weekend	Marr.	Y	150K+	No concerns its an outdoor activity.

Chaff.	F	35-44	Local	Sing.	N	31-50	Please stay open! Skiing and snowboarding is one of the only activities we will be able to do safely!!!!
Chaff.	M	35-44	Daytrip	Marr.	Y	150K+	Public health officials have a lot of room to improve the way they communicate how our community is doing statistically in the metrics they have chosen to drive risk based decision making. A prime example would be the efficacy of positivity rate of administered tests vs random sampling of the local population to determine the true infection rate and Ro of infected individuals not to mention the prevalence of asymptotic carriers. Shutting down economic activities without directly addressing concerns like these highlights the incompetence of government bureaucrats and destroys any trust the public has in the most basic preventive measures.
Chaff.	F	45-54	Local	Marr.	N	126-150	Best of luck to all our ski areas!!! We are with you.

Clr. Crk.	M	25-34	Local	Marr.	Y	76-100	I wish there were less people on the mountain. Or I wish there was a way to cater to the local communities more. Crank up the coat of out of towners and give cheaper rates to the locals. I'll be hiking and skiing and sledding out my back yard this winter. Maybe if this season isn't crazy I'll consider next season.
Clr. Crk.	F	25-34	Daytrip	Marr.	N	150K+	I'm nervous about skiing this season. I understand resorts are trying hard to make it safe, but I worry the number of people allowed to ski on a given day will not allow for a safe environment.
Clr. Crk.	M	45-54	Local	Sing.	N	30K	I just hope the ski areas can stay open, I really think the highest risk would be indoors, outside not so much
Clr. Crk.	M	45-54	2nd Home	Marr.	Y	Ref	Resorts should have hosts monitoring masking and some means to kick out anti mask fools
Clr. Crk.	F	55-64	Local	Marr.	N	150K+	As I said earlier. Give an option to buy two years at once at reduced cost.
Denv.	F	18-25	Daytrip	Sing.	N	30K	Given the masks and the inherent distancing involved in skiing/snowboarding I would be really disappointed to see resorts close. I think having the opportunity to get active outdoors, in such a beautiful environment will be SUPER helpful for mental health. Especially if we go into another lock down. Safety comes first but I'm just hoping that resorts will create a safe enough environment that we can ski all season.
Denv.	F	18-25	2nd Home	Sing.	N	76-100	Hope buying pass doesn't equate just losing hundreds of dollars

Denv.	M	25-34	Daytrip	Sing.	N	31-50	Out of state travelers increasing COVID transmission within mountain communities
Denv.	F	25-34	Daytrip	Sing.	N	51-75	Skiing is one of the safer activities during COVID. The fact that the season ended early last year was extremely unfortunate. It's an outdoor activity where people were wearing masks before the COVID outbreak. I understand shutting down indoor dining and big events, but as long as we're able to socially distance in line I don't see what the issue is.
Denv.	F	25-34	Weekend	Marr.	Y	30K	You should 100% reimburse all customers that are not properly informed of the new reservation policies since it is due to poor communication on the companies behalf.

Eagle	F	18-25	Local	Sing.	N	51-75	If safety was the top concern things would get shut down, or be limited to the local population. Most everything is driven by the money, I'm certain when policies start impacting profit they will be reworked or removed putting communities at risk.
Eagle	F	18-25	Daytrip	Sing.	Y	51-75	just make this ski season for the locals. We need it and don't want the risk of tourist coming in and giving the virus to us
Eagle	F	18-25	Local	Sing.	Y	150K+	The fact that you have to reserve dates to ski/snowboard isn't necessary, especially since employees don't have to use the system because a vast majority of skiers by ski areas are employees, so they'll be taking up spaces that tourists could be using.
Eagle	M	25-34	Local	Sing.	N	31-50	Avalanche danger is going to be insane, not because of snow but too many people not knowing what they are doing in the backcountry!

Eagle	M	25-34	Local	Marr.	N	126-150	I believe it's hard to control what is happening and the resorts are trying their best to continue to take our money. The backcountry is going to be overwhelmed with inexperienced people and will create more accidents and incidents. Gear should be required in the backcountry and people should be fined if they do not have the correct gear. Colorado is in for a rude awakening on how many idiots with put other people's lives in danger

Eagle	M	25-34	Local	Sing.	N	76-100	They need to make the reservation system available to locals that live in the area as the first option to make reservations, before opening it up to out of state/Denver folks
Eagle	F	35-44	Daytrip	Marr.	Y	101-125	Flying to ski resorts should be forbidden. Eagle	M	35-44	Local	Marr.	Y	101-125	Greed and corruption rule our ski areas and it is shameful how Vail Resorts runs their operations and should be held accountable for what they have done to our communities. Exploiting these small mountain towns has changed forever a culture that represents American dreams. Now you must be a millionaire to ski in Colorado, maybe you can make it a private state that only billionaires can get a reservation soon! Yay!
Eagle	M	35-44	Local	Marr.	Y	51-75	I just hope vail resorts didn't sell so many passes that the locals loose chances to ski per too many passes bought. Vail resorts needs to look at their business model. Everyone in leadership makes the big bucks. What is vail resorts gunna do with little international staffing they pay minimal dollars to? No j1s this year. Vail resorts can not operate without j1s they pay little for. Amazing how much they lean on those workers to create their monopolized experience. Good luck, not really. Jeff.	M	55-64	Daytrip	Marr.	N	101-125	Although the intentions are good, the state govt. needs to step back from controlling the actions of ski areas managing there business. Just spin the lifts and get me a decent space to park. I’m here to ski. If the lots to crowded for me to feel safe I’ll walk a 1/4 mile from the overflow lot. I’ll ride once up the front side and stay all day on the back side. In the unlikely event that I want to get a beer or take a dump I’ll go in the lodge at my choice. If I don’t feel safe I won’t go. As far as lift lines go, just stay off the tails of my skis and we’ll all get along fine! I love to ski and I’ve probably been that guy always wanting to start a conversation on lifts, not anymore. Headphones on, 2 sitting on a triple and I’ll ride up with anyone. For Gods sake I’m here to ski. The “resorts” have set themselves up for the cliental that are the problem during this pandemic. Ouray	F	25-34	Local	Sing.	N	30K	I know tourism is a big player in our state, what most concerns me is how warming huts and indoor spaces to grab a sip of water/bathroom/warm up will be run as that's where we will be most at risk

Ouray	M	35-44	Local	Marr.	Y	76-100	There needs to be a focus on local, native Coloradans vice tourists. It is hard to get children from middle-income families on the mountain.
Ouray	M	55-64	Daytrip	Marr.	N	Ref	Economic pressure should not trump client safety. Better to lose money this season and come back strong next year when the vaccine is around than have people die because they came to your resort. Ouray	M	55-64	Daytrip	Marr.	N	31-50	I am employed at a ski area. I will be at the forefront of contact with the public. You bet I will be strict about following the rules, for myself and client safety.

Pitkin	M	25-34	Local	Sing.	R	Ref	I would be very careful about what regulations you put forth on the ski season that don't come from the Governor himself. Between the rules and your social media posts its clear that your decisions have become solely partisan matters. People do not like this. Almost 11 months and 300 cases in the county does not justify the harsh sanctions Aspen has put on skiing and local businesses. You are destroying lives. The solution can not be worse than the problem. Stop insulting science.
Pitkin	F	25-34	Local	Sing.	N	76-100	I'm not happy that SkiCos answer to limiting how many people are on the mountain was to raise local ski pass prices by \$350. Routt	M	35-44	Local	Sing.	N	31-50	It's concerning that the resort may shut down at any time for the remainder of the season and I won't have any option to get a reasonable refund for my lack of access to the ski resort I live right next to. It would be in essence a subsidization of the ski industry by skiers who were not allowed access to the terrain for the purchased amount of time. That bothers me BUT I would hope that the resorts would possibly shut down sit down dining service while still selling beverages and food and allowing use of bathrooms before they shut the whole resort down. But it's pretty clear that resorts need tourists and food and beverage sales to truly operate as functional business.
Routt	F	35-44	Local	Marr.	Y	150K+	Just keep it open. Limit capacity if need be, but no need to shut down skiing. It is outdoors. Close restaurants if need to, not lifts.

San Juan	F	45-54	Local	Marr.	N	51-75	Lifties will party and get sick and are piled into cramped housing and living in cars. The resort will shut down because the lifties will get sick. Lifties should be tested weekly. If there was better housing and a higher or bonus wage for going the season without getting covid I bet we would have a better season. I think employers will hire fewer people and the workers that are there will be over worked and exploited. So we need more low density housing, more employees, higher pay and frequent testing. If you paid well and hired married loner grown ups to work the mountain I don,'t think it would be much of a problem. But lifties are all kids and work for snowflakes.
San Mig.	F	25-34	Local	Marr.	N	101-125	Fingers crossed for resorts to stay safe and to stay open! Pandemic didn't keep folks out of the BC and after the resort closed avalanche incidents sky rocketed in our county.

San Mig.	F	35-44	Local	Marr.	N	150K+	Concerned about lift lines and gondola lines and a commitment from ski operations to health and safety at resorts vs their profit margins. I typically buy a full season pass but this year opted for only 10 day pass because the policy was not clear around refunds should ski resort shut down as a result of covid. We already missed 3 weeks of last season without any payback or added discounts applied to this year. Pass prices were also significantly higher this season for Telluride without any promises or commitment to how skier volumes will be maintained without reservations being required. Poor communication in general from resort operations.
San Mig.	M	35-44	Local	Marr.	Y	150K+	My forecast is that most resorts will remain open, with others electing to shut for mostly financial well being issues that stem from the health pandemic. Those that remain open will evolve into a “skiing and peeing” operation - having shut F&B outlets, locker rooms, ski schools, ski valets, warming huts, and all other on-Mtn amenities that may serve has COVID transmission centers.

Summ.	M	25-34	Local	Sing.	N	126-150	I want people to think very strongly about how willing they are and how prepared they are to face the consequences of heading unprepared into the backcountry. I do not believe that a level 1 course with no practice in partner rescue is enough to be confident navigating complex backcountry risks.
Summ.	M	25-34	Local	Sing.	N	76-100	I wish they had locals only days.
Summ.	M	25-34	Local	Marr.	N	76-100	I work on an ambulance as well as ski patrol. There are significant increases in things like suicide, depression, alcoholism, spousal abuse, child abuse, drug abuse, and others that have stemmed from overly aggressive lockdown measures. These things are just as life-threatening as Covid, and can also cause lifelong issues. There needs to be a balance between not only implementing safety measures, but also retaining some degree of normalcy so that these other issues do not continue to increase. Statistically, the most at risk from Covid are geriatric patients. This does not mean that it is not a lethal disease for other ages, but we should work diligently to protect the elderly and the immunocompromised who cannot receive vaccinations. The rest of society ought to continue to work in ways that are healthy, safe, and conducive to our economy. The ski industry is a vital component to my economy in Summit County, and cannot be shut down.

Summ.	F	35-44	Local	Sing.	N	31-50	All Ski Patrollors should be guided by a statewide recommendation of reasonable and realistic masks they’re supposed to wear during winter (like the 3 layer Buff). Ski resorts should also be required to add/provide a reasonable amount of space for their outdoor staff and patrol to be able to warm up, break, lunch as needed. There seems a lack of adequate preparation for these staff accommodations and that seems absurd.
Summ.	M	35-44	Local	Sing.	N	51-75	I think the local skier is going to get screwed this season. People staying at the resorts are going to get priority even with the “reservation” system. I look out the window then spontaneously decide if I am going to ski that day, I never make plans to ski. I’m regretting buying a pass actually, that money could have gone to better backcountry gear.
Summ.	M	35-44	Local	Marr.	Y	150K+	I'm concerned that I will not be able to use my pass due to the reservation system. I do not have a schedule for working so I never know when I will be able to ski. Summ.	M	35-44	Local	Sing.	N	101-125	My only concern are the employees... they will get covid. Will the already understaffed resorts be able to stay open or will a lot of covid positive employees go to work anyways??
Summ.	D	35-44	Local	Sing.	R	150K+	Snow blindness is a leading cause of head injuries from central impact of a tree, and avalanche burial sounds a fog horn when the slap shot is just right.
Summ.	F	35-44	Local	Sing.	N	Ref	The reservation system is very confusing and frustrating! Locals should have 1st come 1st serve! We also need emlls telling us exactly when we can make reservations and if we HAVE to make a res and can't make it for some reason it's unfair to block us from further reservations!!!! This whole system is stupid! If people are scared they should stay home so the rest of us can enjoy our lives and our season on the mountain!!! This wasn't an issue on my golf course all season! 🤔
Summ.	F	35-44	Local	Marr.	N	150K+	The reservation system seems a little convoluted and extreme. People who ski know what they are risking. I think the resorts should be open as well as allow more people to ski and use the facilities.
Summ.	F	35-44	Local	Marr.	Y	101-125	The ski resorts in Summit County are subject to state and county regulations, they are not independent of these rules. If the county shuts down, which is likely, then so will the resorts. This includes Vail resorts in Summit, Abasin, and Copper.
Summ.	M	35-44	Season R	Sing.	Y	101-125	Wait to open till we see the numbers in 2 weeks!
Summ.	M	35-44	Local	Sing.	N	Ref	We are experiencing an attack on our rights, freedoms and way of living, globally. There is unprecedented levels of corruption, deception and power grabbing on all levels. Have a nice winter while the UN initiates "The Great Reset" without resistance.
Summ.	M	35-44	Local	Marr.	Y	126-150	Why are there any restrictions on outdoor activities, especially ones that already dictate you covering up. This is ridiculous

Summ.	M	45-54	Local	Sing.	N	31-50	Already skied once and saw ALOT of people not following the rules. Noone is thinking about happens to the rest workers if there is another shutdown, no income, no health insurance, no ski season, and of course sickness and possibly death. Cover your mouth and nose!!! Please it's not that hard!! Out of state skiers should be tested before they are allowed to go to a resort
Summ.	F	45-54	Local	Marr.	N	150K+	Fix the reservation system so you can book day of...when you work and live here you don't know when you can ski until last minute
Summ.	F	45-54	Local	Sing.	Y	51-75	I think it's not very smart to have ski / snowboard season at all.
Summ.	F	45-54	Local	Marr.	Y	Ref	I think people who are compromised or scared should stay home and let the rest of us live life
Summ.	M	45-54	Local	Marr.	Y	150K+	Keep em open!
Summ.	F	45-54	Local	Sing.	N	76-100	My concerns mainly fall on tourists coming in from other states and countries. There is no quarantine rules coming into Colorado. There needs to be rules for coming into our resort towns.
Summ.	M	45-54	Daytrip	Sing.	N	101-125	Thank you for doing your best
Summ.	M	45-54	Local	Ref	N	Ref	This season will go forward for good or ill
Summ.	M	45-54	Local	Sing.	N	Ref	Yes I think Vail will sell the same amount of season tickets and will greatly reduce the number of people that can be on the mountain, the reservation system is already a nightmare from what I am hearing and stipulations are changing daily.
Summ.	F	55-64	Local	Marr.	N	Ref	Good luck to everyone that ski season is actually a season this year.
Summ.	M	55-64	Local	Marr.	N	31-50	I also bought an Abasin pass. Very happy Abasin pass holders dont need reservations. I am concerned that resorts have not discussed indoor places to warm up, not eat or drink, but just to be indoors and get out of the cold.
Summ.	F	55-64	Local	Sing.	N	76-100	Indoor spaces should be closed that includes restaurants, gondolas, rental shops - Covid spread is inevitable without stricter measures
Summ.	M	55-64	Local	Marr.	N	51-75	Just hope people are not being stupid
Summ.	M	55-64	Local	Marr.	N	126-150	Just to be able to ski all season

Summ.	M	55-64	Local	Ref	Y	31-50	Not shit down because of COVID, Shut down due to politicians.
Summ.	F	55-64	Local	Sing.	N	51-75	Summit county already exploding with Covid. Not even ski season yet. Although horrible bofe economy - summit won't be able to handle the rate of infections if others come to ski.
Summ.	M	55-64	Local	Marr.	Y	Ref	This may be a "locals only" season. Having all these folks from out of state is just asking for trouble.
Summ.	M	55-64	Local	Marr.	Y	101-125	Visitors
Summ.	F	55-64	Local	Sing.	N	76-100	Visitors coming from other places need to be educated on what needs to be done to support staying open! And locals, especially restaurant workers.
Summ.	F	55-64	Local	Sing.	N	101-125	Yes, I only hope that tourists coming to the ski areas, both from Colorado and from out of state, will make the effort to learn and follow the rules that make it possible to keep the resorts open. Unfortunately, there is a real lack of respect for our community from those who come only to visit.
Summ.	F	65+	Local	Sing.	N	101-125	Fingers crossed that we stay healthy and active
Summ.	F	65+	Local	Marr.	N	76-100	Have concerns about reservation system
Summ.	M	65+	Local	Marr.	N	150K+	I do not have enough general knowledge to make a comment on how the ski areas should be run
Summ.	F	65+	Local	Marr.	N	30K	Safe skiing and only be achieved when skiers obey the rules. If you can't commit to rules. Stay Away👍
Tell.	M	65+	Daytrip	Sing.	N	150K+	Colorado needs to rescind its governor's power to order businesses to close. That power is unfair and violates the rights of citizens and businesses to make decisions for themselves.
Weld	F	18-25	Daytrip	Sing.	Y	Ref	Good luck. Im sure its gonna get crazy.
Weld	M	18-25	2nd Home	Sing.	Y	126-150	Just keep them open
Weld	F	18-25	Weekend	Sing.	Y	Ref	not being able to go because of mandated closures, and not being able to get in if people hog the reservation lists
Weld	F	18-25	Daytrip	Sing.	N	51-75	Snowboarding and skiing is already social distancing, you're not right on each other besides the lift which you ride in the car with them to the resort so there's no difference, let's enjoy the winter sports!!
Weld	F	35-44	Weekend	Sing.	Y	76-100	Do not close!!!! It's a mountain!!!!
