Adam.	F	18-25	Daytrip	Sing.	N	150K+	Being able to make sure that the lifts are cleaned and sanitized. That the lodges are clean and sanitized. And that if gear is rented that it is properly cleaned.
Adam.	F	18-25	Daytrip	Marr.	Y	51-75	Open up everything and stop these stupid reservations
Adam.	M	18-25	2nd Home	Sing.	N	76-100	None, I am confident that I will not get Croonavirus while snowboarding.
Adam.	F	18-25	Daytrip	Sing.	N	76-100	I don't know
Adam.	F	25-34	Daytrip	Marr.	N	126-150	In general, I'm not afraid of getting the virus because I'm not a person in an at risk category. But I think the best thing they can do is segregate groups on lifts/gondola rides. That's the only time you're really close enough to someone to potentially be exposed. Aside from that, there's tons of room to spread out on mountain. You may come in close proximity to folks at the base, but that's what masks are for and it's no different than walking around the grocery store.
Adam.	F	25-34	Daytrip	Marr.	N	126-150	I honestly don't care about covid and the extra precautions. The extra precautions are the issues. Do what you need to but making it harder to get on the slopes is the issue.
Adam.	F	25-34	2nd Home	Marr.	Y	101-125	6ft distance between groups, masks required
Adam.	M	25-34	Local	Ref	R	Ref	Skiing is outside in the fresh mountain air. That's about as safe as it gets. You gotta be kidding me.

Adam.	F	35-44	Daytrip	Sing.	Y	31-50	I do not trust the state to protect me and my family. I myself will take precautions to ensure that my family will stay safe until this virus has numbers that are going down
Adam.	F	35-44	2nd Home	Marr.	Y	51-75	How will the resort make sure that they are followed on the chair lift and bathroom?
Adam.	F	45-54	Daytrip	Sing.	Y	76-100	I can't be specific, yet nothing will keep us off the mountain this season. Other than closures I suppose.

As adults, we should be educated on the threat (corona virus) and then personally decide which precautions we see fit for ourselves. The only thing that will keep me and my family from skiing this year is if there are too many safety measures that you can't even enjoy your time in the great outdoors.

Larim.	F	25-34	Daytrip	Sing.	Y	76-100	I’m incredibly appreciative of all that the resorts have planned and are doing to keep patrons safe! At this point though, I’m not sure there’s much else that could be done to increase my confidence. The virus is a tricky one and, regardless of all the safety precautions being put in place, I’m still taking a risk of contracting the virus by skiing due to being around lots of people that aren’t in my social circle.

Pitkin	F	35-44	Local	Sing.	N	76-100	I think that skiing/snowboarding is inherently safe. We are all bundled up in masks, etc. and distanced already. Pitkin	F	45-54	Local	Marr.	Y	51-75	My only concern is riding in the gondolas. My hope is that the chair lifts will run servicing the gondola areas, so I can ride the chair lifts only. For example, I live in Aspen and Aspen Mountain is serviced by a top to bottom gondola. There are a couple of slower chair lifts, used as backup to the gondola. My hope is that those chair lifts run all the time this year. I don't want to go in the gondola.

Routt	F	35-44	Local	Marr.	Y	76-100	Any activity involving travel and congregating people during covid is foolish. There is little the ski area could do to convince me to go to a resort this year with the outbreak in this stage. Summ.	M	35-44	Local	Sing.	N	51-75	Proper lift line distancing would be my main concern. I’m not so confident it will be maintained/“policed.” Also if I’m skiing solo, I don’t want a stranger on the chair and especially in the gondola with me.
