Colorado February Issue Voter Opinion Survey Topline Results, Public Release 1 of 2

Magellan Strategies are pleased to present the topline results of an online survey of 769 Colorado registered voters. The interviews were conducted from February 9th to 17th, 2021. This survey has a margin of error of +/- 3.53% at the 95 percent confidence interval. The survey data were weighted to be representative of the demographics of the registered voter population in Colorado. The survey presentation, crosstabs, and verbatim responses can be downloaded at www.MagellanStrategies.com. Any questions regarding the survey findings or methodology can be directed to David Flaherty or Ryan Winger of Magellan Strategies.

The objectives of this survey were to measure and understand Colorado voter opinion regarding the seven topics listed below. This survey release covers the first four points. We will release the findings of the final three points in about a week.

- The most critical issues and problems voters want addressed.
- Intentions to take the coronavirus vaccine.
- The impacts of coronavirus on Coloradan's mental health.
- Job approval of government's handling of the coronavirus.
- Trust in government to address America's most important issues.
- Favorability ratings of democracy, socialism, capitalism, and stock markets.
- Government regulation and oversight of social media companies.
