F	65+	Unaf	8	Adams	Definitely Yes	Definitely Yes	Lower property taxes
F	45-54	Dem	8	Adams	Definitely Yes	Definitely Yes	A good option to address labor, taxes and renters.
F	65+	Dem	8	Adams	Definitely Yes	Definitely Yes	It's difficult for seniors to afford those high property taxes all at once.
F	65+	Dem	8	Adams	Definitely Yes	Definitely Yes	Taxes need to change.
F	45-54	Rep	8	Adams	Definitely Yes	Definitely Yes	It will also help the economy
F	45-54	Unaf	6	Arapahoe	Definitely Yes	Definitely Yes	We are struggling financially. Increase in Property Tax is killing us.
F	65+	Unaf	6	Arapahoe	Definitely Yes	Definitely Yes	I like more of the provisions than I don't like other provisions.
F	65+	Unaf	6	Arapahoe	Definitely Yes	Definitely Yes	Rising Property taxes are killing us. Too high. Period. Forget a refund. Don't charge us in the first place.
F	65+	Unaf	6	Arapahoe	Definitely Yes	Definitely Yes	TABOR has caused so many finding problems for municipalities, schools, and other tax districts. Anything that allows districts to retain more money is a plus.
M	65+	Unaf	4	Arapahoe	Definitely Yes	Definitely Yes	Am 82 years old. Got devastated by bad Real Estate Investments in Florida for my Children's College Fund. Am trying to get over Depression and get back to work so I can leave them in better Financial shape. They are now in their mid 20's and it is harder when older to get back to work
F	18-34	Dem	4	Arapahoe	Definitely Yes	Definitely Yes	It is well thought-out and I approve of the aims and projected outcomes. The decrease in TABOR refunds is minimal and my family got absolutely slammed by an increase in home valuation that will lead to a quality of life-impacting increase in our property taxes (we purchased our home last year). We've also seen, with a pre-k aged child, how much our local schools need better funding.
F	35-44	Dem	6	Arapahoe	Definitely Yes	Definitely Yes	Taxes are rising too much, making home ownership unaffordable.

M	35-44	Dem	1	Arapahoe	Definitely Yes	Definitely Yes	I hate tabor and will vote to weaken it at any opportunity. Your problem is marketing because it has such a good sounding name. Make an ad campaign talking about the taxpayers bill of wrongs and show all the harm this is done to our state with roads as number one. Talk about who made this Tabor and what their goals. Until you do that you're not gonna be able to get rid of the stuff because people don't understand it
M	55-64	Dem	6	Arapahoe	Definitely Yes	Definitely Yes	Ultimately to save on taxes
F	65+	Dem	6	Arapahoe	Definitely Yes	Definitely Yes	It's well thought out legislation and benefits everyone and everything!
F	65+	Unaf	3	Archuleta	Definitely Yes	Definitely Yes	Lower taxes
F	35-44	Unaf	2	Boulder	Definitely Yes	Definitely Yes	Tabor is complex way to make sure the state can't do anything, counties are very rich while the state is incredibly poor, it's a weird last ditch effort by outgoing republicans to tie the hands of state government as they were losing power, Colorado deserves better, also property taxes shouldn't go up so suddenly, but gradually as values do
F	65+	Unaf	2	Boulder	Definitely Yes	Definitely Yes	Repealing Gallagher was a mistake for homeowners. We need a lot of help right now specially, as seniors.
F	55-64	Dem	2	Boulder	Definitely Yes	Definitely Yes	We need prop tax relief.
M	65+	Dem	7	Broomfield	Definitely Yes	Definitely Yes	It would help the elderly, and help Coloradoans in general.
M	55-64	Dem	7	Chaffee	Definitely Yes	Definitely Yes	It's a good refinement to the use of excess State funds that helps to address current state issues around taxation increases and funding for needy local services and housing for less fortunate people living he.
F	35-44	Unaf	3	Delta	Definitely Yes	Definitely Yes	Property taxes are rising like crazy, I feel bad for anyone having to rent right now as the prices are insane, and I like the idea of backfilling local government and schools to ensure they can continue to operate.
M	45-54	Dem	3	Delta	Definitely Yes	Definitely Yes	My property tax added \$175 to my monthly payment!
F	55-64	Dem	3	Delta	Definitely Yes	Definitely Yes	I'm a small business owner and the price hike is a hardship for me.

M	45-54	Unaf	1	Denver	Definitely Yes	Definitely Yes	People claim to want increased and improved government services, but then reject any tax measure that would fill these needs. TABOR refunds should only go to lower income residents and the remaining surplus should be used to fund education, healthcare, environmental protection projects and infrastructure improvements.
M	35-44	Dem	1	Denver	Definitely Yes	Definitely Yes	Flat tabor refund, keeping more revenue in general, reducing property taxes and some deference towards school district funding.
M	35-44	Dem	1	Denver	Definitely Yes	Definitely Yes	It will reduce my property taxes
F	45-54	Dem	1	Denver	Definitely Yes	Definitely Yes	I agree we need to make adjustments for property taxes. We also need to find a way to tie tax relief into affordable housing, income (for families in lower income brackets),and health care. The structure should prioritize education and support those with the least.
F	55-64	Dem	1	Denver	Definitely Yes	Definitely Yes	The amount that my tabor refund would be reduced is not detrimental to me. The cost if living, cost of home ownership, and rental prices need some help NOW. I am all about reinvesting surplus back into our community and state to help improve the quality of life for those who may be struggling with daily expenses.
F	65+	Dem	1	Denver	Definitely Yes	Definitely Yes	I am retired and on a fixed income. Groceries continue to be more expensive so I am reduced to buying cheaper food. I already struggle to pay property taxes and cannot afford an increase!

F	65+	Oth	3	Gunnison	Definitely Yes	Definitely Yes	I am a senior retired teacher on a fixed income. Because I have moved I have never received the senior reduced property tax benefit. My taxes keep increasing, my income does not. I am a 4th and 7th generation CO native. I see money wasted by governments composed of recent arrivals who make over 100k salaries a year; I see billionaires who get an agricultural tax rate by letting someone run some stock on their property. I see billionaire second home owners and investors who do not maintain CO residency because of tax benefits. I shouldnt have to move to Alabama because billionaires and realtors have created ridiculous values for former mining shacks.

Because of this, their property taxes have risen sky high. Working class families all over the state need help, especially since the local economy is still suffering from a stagnation.
M	45-54	Rep	8	Weld	Definitely Yes	Definitely Yes	The property tax increase is unreasonable and I'd rather take a smaller TABOR refund.
O	18-34	Dem	8	Adams	Probably Yes	Definitely Yes	Provide relief to renters who can't yet afford a home.
F	45-54	Rep	8	Adams	Probably Yes	Definitely Yes	Seems to benefit us more
F	65+	Rep	8	Adams	Probably Yes	Definitely Yes	I think it is a great idea. I like it.
F	18-34	Unaf	6	Arapahoe	Probably Yes	Definitely Yes	It sounds good
M	18-34	Unaf	6	Arapahoe	Probably Yes	Definitely Yes	The Colorado government is hamstrung by TABOR which hinders public services and the effectiveness of our elected officials. HH looks like a Great way to reallocate funds effectively and is something we can revisit the efficiency of in a sunset bill.
M	45-54	Dem	6	Arapahoe	Probably Yes	Definitely Yes	Property values and thus estimated taxes are being ridiculously inflated by the shortage of affordable new housing in the midst of our population growth. TABOR is a stupid conservative idea that's continually inhibiting our state's ability to adapt to our growing and changing challenges. Let's give the little guy a break and help the state use funding where it can really help the greater public. Also, Eat The Rich!
F	65+	Unaf	2	Boulder	Probably Yes	Definitely Yes	I'm a senior citizen and I like the renter support

F	55-64	Unaf	5	El Paso	Probably Yes	Definitely Yes	People need some relief from high property taxes.
F	18-34	Dem	5	El Paso	Probably Yes	Definitely Yes	Sounds like a good thing, with limited additional burdens for taxpayers. Also good that the bill can be removed if in a few years things are not working out. I don't know much about policies for solving the affordable housing crisis, but this seems like it could be good.
F	55-64	Rep	5	El Paso	Probably Yes	Definitely Yes	I want to buy a house and have this benefits.

F	65+	Dem	7	Jefferson	Probably Yes	Definitely Yes	I believe in spreading the wealth
M	45-54	Unaf	7	Lake	Probably Yes	Definitely Yes	Taxation is theft, any reduction in the money being stolen from me by the government is a start in the right direction...in the mean time I'll be looking for property in other states that don't punish their citizens for being successful.
F	65+	Unaf	8	Larimer	Probably Yes	Definitely Yes	Clearly outlines taxation distribution on a lower revenue platform. With the legalization of cannabis, CO is really raking in new tax dollars which should help relieve the tax burden on homeowners and businesses.
F	65+	Dem	4	Larimer	Probably Yes	Definitely Yes	Age
F	35-44	Unaf	3	Mesa	Probably Yes	Definitely Yes	I would vote yes because it helps people that need help and limit or deny help to those who are better off than others.

O	18-34	Dem	6	Adams	Definitely Yes	Probably Yes	Help people out a bit
F	55-64	Unaf	6	Arapahoe	Definitely Yes	Probably Yes	School backfill funding and senior reduction
F	65+	Dem	6	Arapahoe	Definitely Yes	Probably Yes	Property values have risen astronomically and thus so have property taxes. I am not a high income earner. I collect social security and continue to work. I sm 72 years old. If I knew how the additional tax revenues were going to be spent, I would consider sharing the "windfall". More money should be spent on education, housing and health care. College students should have lower tuition.
M	55-64	Rep	6	Arapahoe	Definitely Yes	Probably Yes	Property prices fluctuate
F	65+	Rep	6	Arapahoe	Definitely Yes	Probably Yes	I didn't fully understand
M	18-34	Unaf	2	Boulder	Definitely Yes	Probably Yes	Although there is a benefit to larger revenue collection, individual earnings have not kept up with cost of living in colorado. This would provide a small relief to Colorado taxpayers while maintaining adequate funding for essential services.
M	35-44	Unaf	2	Boulder	Definitely Yes	Probably Yes	It seems solid / well thought out, for the most part. I like the renters relief and the reduction in property taxes, which will help me out. I still have more to research / discuss though.
F	18-34	Dem	2	Boulder	Definitely Yes	Probably Yes	This seems like a measure that would lessen the power of TABOR and allow the state to fund public schools more adequately. Public school funding is very important to me.
F	35-44	Rep	2	Clear Creek	Definitely Yes	Probably Yes	I want to be able to purchase a home for the first time. I own a manufacturer home on rented land.

M	55-64	Dem	2	Eagle	Definitely Yes	Probably Yes	Increase in school funding, let the government keep more of the TABOR refund.
F	45-54	Unaf	5	El Paso	Definitely Yes	Probably Yes	Highly concerned regarding rising property taxes and economic concerns.
F	65+	Unaf	5	El Paso	Definitely Yes	Probably Yes	People will benefit off such an issue. The state collects money from the lottery and plus President Biden's agenda for states gives them more funds for different projects. The state of Colorado doesn't need to create a hardship because of the issue in question. Americans are over taxed!
M	18-34	Rep	5	El Paso	Definitely Yes	Probably Yes	Lower prop tax
M	45-54	Rep	5	El Paso	Definitely Yes	Probably Yes	Lower residential taxes is good. But where is all the tax money from marijuana? increase that tax. And tax new residents coming in from other states higher.
F	65+	Unaf	7	Fremont	Definitely Yes	Probably Yes	Help with the cost of living
F	18-34	Dem	3	Gunnison	Definitely Yes	Probably Yes	TABOR has ruined our state and I see this as a way to begin dismantling TABOR which is why I would approve it.
M	65+	Dem	3	Gunnison	Definitely Yes	Probably Yes	Fire departments, schools, etc are hurting. Even though one scenario that you describe results in percentage of rebate increasing as property value increases, it is not by much. If higher property values resulted in lower percentage of rebate, I would vote for HH without a doubt. The wealthy do not deserve such a larger percentage rebated. M	65+	Rep	4	Larimer	Definitely Yes	Probably Yes	I am a Senior and could use the money.
							This survey is really taking this proposition in isolation relative to other taxation sources. Also what is the total spending itemized budget. If the revenue is going for a good purpose determined by the voter then I might accept a tax increase in the right circumstances. What is really objectionable is as a senior for the last 2 years that has lived in CO previously for 20 years and owned 3 homes I am not eligible for the senior homestead property tax exemption and the state is taxing social security benefits. This additional taxation continues to make living here unaffordable as a senior. How about reducing the spending for once across the board. The elected officials need to figure out how to spend less and a get more for the money spent. That is how private industry works usually. Now that we have this bout of inflation the issue is going to get worst. CO is a great place to live. That is why we moved back, from Hawaii FYI. But trying to retire here is getting much more difficult. So I would likely vote for PropHH but because it is a lesser of taxation evils. In a perfect world we would scrap the entire tax code in this country and state and start over. Since that is very likely to not happen Prop HH I am somewhat likely to be for this. The biggest injustice in the CO tax code is to Tax Social Security benefits.

I realize local governments need tax money to provide services, however, I want to see that money is spent wisely. I'm not certain that prop HH is going to do anymore than just shuffle tax dollars around in a different way! As time progresses, I hope more information will become available in the future to give me more clarity, I'm not certain I comprehend all the ramifications of this proposition.
F	65+	Rep	3	Ouray	Definitely Yes	Probably Yes	To reduce individual property taxes
F	65+	Dem	3	Pitkin	Definitely Yes	Probably Yes	I reside in a mountain resort community. Corporate investors have bought up residential properties pushing up property values at a crazy rate. Plus people fleeing urban areas because of Covid created a real estate buying frenzy. I don't see any action from our County Commissioners to reduce mil levy's. Prop HH is best bet to get some relief. Spread out the big revenue win fall.
M	18-34	Dem	3	Pueblo	Definitely Yes	Probably Yes	Although there are definite problems, such as local leader control, I would still vote yes because the value of a property is way too high, which seems to help relieve that stress in regard to taxes.

M	18-34	Dem	7	Broomfield	Probably Yes	Probably Yes	I am in support of measures to aid lower-income families from being priced out of their current homes through escalating property taxes. I am also in support of allowing the state to retain more tax revenue. I believe that TABOR is a harmful thing to Colorado and anything to reduce its impact, however small, is a good thing. The one hang-up I have is that it does reduce the revenue for local governments.
M	35-44	Unaf	2	Clear Creek	Probably Yes	Probably Yes	Saving
F	18-34	Unaf	1	Denver	Probably Yes	Probably Yes	Anything to hell my rent go down, and this sounds like it might help rental prices from going up
M	18-34	Unaf	6	Denver	Probably Yes	Probably Yes	It uses the taxes that the people of Colorado pay to benefit those who need assistance.
M	18-34	Unaf	1	Denver	Probably Yes	Probably Yes	The changes in TABOR refunds seems small and the fact that there is a provision for cities with 20% increases in real values to not receive funding is a positive. Property taxes, especially for small business owners, have been a serious drag on the economy. However, allowing legislators to decide on Tabor funds in my opinion sets up a conflict of interest and the legislation may not actually help slow our property tax hike and allow the government to retain more tax dollars at the same time.
M	35-44	Unaf	1	Denver	Probably Yes	Probably Yes	Housing costs in Colorado are out of control so I support most forms of making housing more affordable.
M	55-64	Unaf	1	Denver	Probably Yes	Probably Yes	I am not concerned about the Tabor refund being reduced. Refunding the same amount to everyone helps those in need. I approve of the portability of the senior exemption. This has been needed. We still have some of the lowest property tax rates in the US, and this will reduce it even more while making local governments whole.

F	65+	Unaf	1	Denver	Probably Yes	Probably Yes	I believe TABOR severely restricts our state and local spending. I look around and see areas where funding should help, but doesn't exist. This seems like a reasonable way to reduce the impact of TABOR. I am concerned, however, that it is so complicated that it may be expensive and cumbersome to implement.
F	65+	Unaf	8	Denver	Probably Yes	Probably Yes	To reduce my property taxes ie mortgage payments and the hardship that is placed on me when taxes were raised.
M	35-44	Dem	1	Denver	Probably Yes	Probably Yes	Because a 40% increase in property taxes on a fixed income senior couple is astronomical!! How can we justify raising taxes that much if we already collect a surplus of 3.5 billion dollars? I get housing prices went up substantially however, did our expenses raise by 40%? Not likely! What good is an 875 refund if you just raise the taxes that much on the front end?? Why are we loaning the state government this money??
F	45-54	Dem	1	Denver	Probably Yes	Probably Yes	Communities need the extra revenue collected and seniors deserve a property tax break.
F	65+	Dem	1	Denver	Probably Yes	Probably Yes	The proposal seems doable without causing too much income impact and helping fund schools and the low income citizens
F	65+	Dem	1	Denver	Probably Yes	Probably Yes	Without knowing anything else about the state budget, prop HH gives property tax relief without taking too much away from Tabor refunds.
M	65+	Dem	1	Denver	Probably Yes	Probably Yes	Reduce effects of TABOR. Reduce property taxes.
M	65+	Rep	1	Denver	Probably Yes	Probably Yes	Needed
F	55-64	Unaf	4	Douglas	Probably Yes	Probably Yes	Sound plan for the foreseeable future.

M	18-34	Rep	4	Douglas	Probably Yes	Probably Yes	So that my family and I can afford to stay in our house. Barely making it by as is so the increase would be tough
M	45-54	Rep	4	Douglas	Probably Yes	Probably Yes	Appears to provide more money for programs and has a control for local levels to hold some back if the locality needs to.
M	55-64	Dem	2	Eagle	Probably Yes	Probably Yes	Relief from personal property tax plus potentially avoid raising rents on our income properties.

M	18-34	Unaf	5	El Paso	Probably Yes	Probably Yes	Reduce burden of property taxes on homeowners. Homeowners are not necessarily wealthy and increased property taxes could be harmful to many families. Renters also likely have an increased burden if landlords raise rent to cover the increased property taxes.
F	35-44	Unaf	5	El Paso	Probably Yes	Probably Yes	Housing costs are crazy. And while I don't own, members of my family do and their housing taxes keep growing and growing. It's not sustainable. Colorado is becoming too expensive for the workforce to live in. I personally know, and have seriously considered myself, leaving the state just so I can afford to live in a proper dwelling. I don't know that this is a good permanent solution, but it at least looks like a good step in a better direction.
F	65+	Unaf	5	El Paso	Probably Yes	Probably Yes	Possible reduction of my taxes
M	65+	Unaf	5	El Paso	Probably Yes	Probably Yes	Just a feeling I have had while reading the questions
F	35-44	Dem	8	El Paso	Probably Yes	Probably Yes	This prop appears to primarily benefit social services without causing significant harm to any group. Our services (EMTs, hospitals, schools, etc) need our support
F	65+	Dem	5	El Paso	Probably Yes	Probably Yes	It might work?
F	65+	Dem	5	El Paso	Probably Yes	Probably Yes	It sounds like our taxes would be less but I don't want to trust state officials with our tax money
M	18-34	Oth	5	El Paso	Probably Yes	Probably Yes	Less tax is always good for the citizen. Using an algorithm to predict someone's home value is not a fair system to dictate the amount of tax they must owe.
F	35-44	Dem	3	Garfield	Probably Yes	Probably Yes	Taxes would stay somewhat low
F	18-34	Unaf	7	Jefferson	Probably Yes	Probably Yes	Seems like it would give a small amount of benefit at little negative cost so I would consider it.

M	55-64	Unaf	7	Jefferson	Probably Yes	Probably Yes	I'm retired from State public higher ed where I worked for 25 years. TABOR was a continuous problem across State government and it caused rapid increases in college tuitions thereby denying young people access to higher ed in order to lower taxes on the wealthiest. Local government is clearly overfunded given the very rapid rise in property values while State government is underfunded. I'm sure HH is imperfect but we can't let the perfect be the enemy of the good.
M	65+	Unaf	7	Jefferson	Probably Yes	Probably Yes	I think that it is important for taxpayers to understand that taxes are important, and that getting money back is NOT the goal. The goal is to pay for services we all need, or SOME of us need.
M	18-34	Dem	7	Jefferson	Probably Yes	Probably Yes	It seems reasonable and I appreciate the built-in support for communities and those in need.
F	35-44	Dem	7	Jefferson	Probably Yes	Probably Yes	I like the idea of my senior parents getting a tax break
F	55-64	Dem	7	Jefferson	Probably Yes	Probably Yes	It should reduce family homelessness and help fund schools and teachers. And reduce the exorbitant cost of property taxes.
F	55-64	Dem	7	Jefferson	Probably Yes	Probably Yes	Seems that Prop HH would give voters more control over amount of money that they would have to make up from lower property taxes. Giving a corrupt city government, like Wheat Ridge, MORE control over how monies are spent is the one thing that would cause me to totally reject Prop HH.
F	55-64	Dem	7	Jefferson	Probably Yes	Probably Yes	We need more \$ going into schools and police. We also need to help those suffering from homelessness and prevent landlords from raising rent to move out long term tenants.
M	65+	Dem	7	Jefferson	Probably Yes	Probably Yes	It provides property tax relief and increases the budget for the state although it is only 1 per cent.

F	55-64	Dem	3	La Plata	Probably Yes	Probably Yes	I want the support for lower housing taxes but also want to support the services such as fire etc
M	65+	Dem	3	La Plata	Probably Yes	Probably Yes	Tax relief for seniors
M	35-44	Oth	7	Lake	Probably Yes	Probably Yes	We are already taxed on everything, any reduction in taxes would be a relief.
M	18-34	Unaf	4	Larimer	Probably Yes	Probably Yes	Real estate taxes need to be capped at a certain % growth rate per assessment year... this recent increase is very difficult for people who have just bought their home especially with the higher interest rate loans. Many may not even be able to afford their new property tax depending on their debt to income ratio. Proposition HH provides relief to many of those people at least temporarily.
M	18-34	Unaf	2	Larimer	Probably Yes	Probably Yes	Rent is too damn high.
F	65+	Dem	2	Larimer	Probably Yes	Probably Yes	Property taxes reduced, renters' assistance available, backfill provided by TABOR

F	35-44	Unaf	4	Weld	Probably Yes	Probably Yes	Property taxes have increased dramatically and my home is in a metro district which leaves my family vulnerable to higher taxes.
M	55-64	Unaf	8	Weld	Probably Yes	Probably Yes	Too many homeowners are on the edge of making their mortgage and insurance payments. The new tax assessments would result in many families unable to afford their homes, forcing many to sell.
F	18-34	Dem	8	Weld	Probably Yes	Probably Yes	Mainly looks like a good proposition, however my main concern is if this would change public school funding. Our schools are seriously under funded when compared to other states.
F	18-34	Dem	1	Denver	Definitely No	Probably Yes	I like the idea of a flat tabor tax refund and saving lower income people money on property taxes because the recent change might displace families living paycheck to paycheck. I also don't think it's a terrible thing to invest more money from the Tabor tax to help schools and police and fire departments.
M	55-64	Dem	1	Denver	Definitely No	Probably Yes	Anything that weakens TABOR is good for the State in the long run
F	35-44	Dem	6	Arapahoe	Probably No	Probably Yes	Provides tax relief to home owners without overly favoring the very wealthy and people with multiple properties. Still provides for local government. The senior housing/homestead portion is very important and in need of updating.
M	55-64	Oth	6	Arapahoe	Probably No	Probably Yes	Better for taxpayers that have experienced financial hardship past year
F	35-44	Unaf	4	Larimer	Probably No	Probably Yes	A 1% increase still allows for a Tabor refund. I am however worried that local government can vote to retain the refunds instead of giving it back to the people. That part of the bill worries me.

M	65+	Unaf	5	El Paso	Undecided	Probably Yes	Any tax relief, even if temporary, would be beneficial to many people at this time.
M	35-44	Unaf	7	Jefferson	Undecided	Probably Yes	The program seems to be working currently. I don't mind paying taxes, however. I would, however, like to see the highest earners and those with multimillion dollar homes, especially second homes, be taxed much more or be exempt from Tabor refunds.
